

# Driving Simulation Lab

September 13<sup>th</sup>, 14<sup>th</sup> and 15<sup>th</sup> 2019

Outside Shelby County EMA

800 Fair Road

Sidney, Ohio, 45302

Acquired through an Assistance to Firefighters Grant, the Mobile Driving Simulation Lab system is a training resource that is integrated into a driver skills and judgement training curriculum.

It provides a bridge between classroom-delivered instruction and actual operation of a motor vehicle on a prepared course or public roadway. A driver can experience the consequences of making decisions based upon incomplete information. Drivers can practice making decisions in simulated life and death situations similar to those actually encountered on the road that would be too dangerous to perform in the real world.

There will be 2 section each day with 8 slots per section. 4-hour morning section (8:00 AM) or a 4-hour afternoon section (12:00 PM )

Sign up early, to reserve your preferred time slot.
