

# Propane Emergency Responder Training

Shelby County Firefighters Association, In association with the Ohio Propane Gas Association (OPGA) and Ohio PERC.

The training consists of 4 hours of classroom, which covers the basics of propane and propane related equipment. We then provide outside training which utilizes a cut-away 500-gallon propane tank which is plumbed to simulate a leak under the dome lid, out the relief valve, and at the ground level. This is a static type training, walk through with the Certified Fire Trainers.

Full turnout gear with self contained breathing apparatuses is required.

Lunch will be providing

Training will be held on October 12<sup>th</sup> 2019 Start in at 8:00AM

Location

Fort Loramie Community Fire Company

220 North Main Street
